COMPLETE LIFTING SOLUTIONS

WHEELBARROWS

POWER DUMPER | POWERED WHEELBARROW

These electric wheelbarrows have our largest hauling capacity – 10 Cu. Ft or 280 litres - so load it up!

The large durable hopper makes these the perfect carts for moving anything from cement, feed for your animals or stone and mulch for your landscaping jobs. These carts can take on up to 340kgs of material.

All of our Powered Carts, Wheelbarrows and Wagons use a twist style throttle. They're simple to operate and will cut down on your work time.

Available in two wheel drive or four, with or without powered dumping all with manual quick dump. We like to say, "Dump Your Old Wheelbarrow!"
