

**STAIRCLIMBERS**

**STAIR ROBOT**

SR EXPRESS, SR450, SR1750

- The Stair Robot SR 1750 HE is designed to carry unit loads weighing up to 1000 kg up and down stairs.
- The supplied accessory equipment; stair approach ramp, manoeuvring dolly and turntable have been designed to assist in the movement up to and onto the stairs, removal at the top and transportation to the destination.
- Equipped with a hydraulic levelling platform which enables it to transport fragile loads in a horizontal position throughout the operation.
- Items up to 1880 mm can be handled by use of the extendable handles.

| Article No     |       | SR Express | SR450 | SR1750 |
